**Petition for One Month Extension of Time &
 Response to Notice to Comply with Requirements of Nucleotide
 and Amino Acid Sequence Listing under 37 CFR 1.821 - 1.825**

Applicants submit a paper copy of the Sequence Listing of the priority document, USSN 08/973,131, for the above referenced application in compliance with 37 CFR 1.821 through 1.825. This submission is in response to a Notice to Comply mailed from the USPTO on November 14, 2001 and due two months from that date. Applicants petition for a one month extension of time in filing this response. The new deadline for responding to the Notice to Comply is February 14, 2002. Accordingly, this response should be deemed timely filed.

Pursuant to the duty to submit DNA and amino acid sequence in computer readable form, this affirms that to the best of my knowledge and belief, the content of the paper copy of the Sequence Listing and the computer readable copy of said Sequence Listing provided with the priority document, USSN 08/973,131, are the same. Please amend the application to include this Listing between the specification and the claims.

In accordance with 37 CFR §1.821(a), I hereby state that the sequences contained in this Sequence Listing are supported in the application as filed. Neither the paper copy nor the computer readable copy of the Sequence Listing contains new matter.

Should any fees be due, charge any deficiency or credit any overpayment to our Deposit Account No. 01-2315. A duplicate copy of this letter is enclosed. If there are any questions about this request, the Examiner is invited to call the undersigned attorney at the number provided.

Respectfully submitted
